

Health Office Guidelines for Crescent Families

- Call Attendance Line before 8:15am every day you child is absent.
- Student temperature of 100.0°F or higher will be excluded from school and must remain at home until 24 hours fever free without the use of fever reducing medication (Tylenol, Motrin, etc.).
- Students with a fever, vomiting, or diarrhea are excluded 24 hours following the most recent episode. This may be extended to 48 hours or longer as needed to help prevent outbreaks.
- Students with strep throat or pink eye need to be on medication for 24 hours before returning to school.
- When absent 3 or more consecutive days for illness, a doctor's note must be submitted, clearing the student's return to school This lets the school know that the student has been seen by a doctor and is no longer considered contagious.
- When a child is absent or sent home ill from school, that child is not permitted to participate in any school related activities for that day (evening events such as concerts, celebrations, etc.).
- Students who require slings, crutches, casts, or wraps, requires doctor's order.
- A student unable to fully participate in Physical Education classes is also restricted from recess. This is to reduce the chance of further injury.
- Cough drops must be sent from home and are permitted with a parent note giving permission.
- See Crescent School Handbook/website for more information regarding medications in school, immunization requirements and health forms.

For Kindergarten registration: Printouts from your patient portal are not acceptable forms for your child's physical. Please use the Universal Child Health form found on the Crescent website.
