Affordable health coverage. Quality care.

What is it?

NJ FamilyCare is a federal and state funded health insurance program created to help New Jersey's uninsured children and certain low-income parents and guardians to have affordable health coverage. It is not a welfare program. NJ FamilyCare is for families who do not have available or affordable employer insurance, and cannot afford to pay the high cost of private health insurance.

If you are interested in NJ FamilyCare please look at the "Who is covered?" section to see if NJ FamilyCare could be for you. To view income eligibility limits for various family sizes, go to Income Eligibility and Cost.

The entire application process can be completed by mail or online. All enrollment packets contain postage free envelopes. You have nothing to lose and everything to gain! So, what are you waiting for?
